WELCOME TO E-NEWS 150

In Memoriam by Joe Grabham

The first **e-news** was distributed on 1st November 2008 and was a simple, one page, affair intended to fill a gap until an editor could be found to recommence the printed PAGB Newsletter. The circulation list was also very modest, fewer than 100 although it was then cascaded via Federations to their Clubs. Seven years later, **e-news** is being produced fortnightly and is distributed to more than 10,000 Club members. These 150 photographs from 150 photographers are published to celebrate this 150th issue. Thank you to those who sent us their favourite picture and we hope you will continue to enjoy the next 150 issues. Please advise your fellow Club members to subscribe at –

www.pagbnews.co.uk

Issue 100 was celebrated in October 2013 with 100 photographs by 100 photographers but it went much further than that. In the end we received 500 photos from 500 photographers which, not only gave us two Special Celebratory Issues, but also provided the material for a CD which you can hire from the PAGB Recorded Lecture Service.
