We decided to celebrate this 100<sup>th</sup> issue of e-news with 100 photographs. We thought it would be difficult to collect work from so many different photographers but the initial invitation went out at 11.30pm one evening and, by 11.00am the next morning we had our first 100!

There are rather more than 100 photographs in this issue and e-news 102 will have a further selection. In addition, I have used your pictures to produce a DVD for the Recorded Lecture Service. This will provide a “must see” evening show for your Club and will create an amazing archive for the future – a snapshot of good amateur photography in the early 21<sup>st</sup> Century! There is no selection involved except by the authors who sent their “best” or “favourite” photograph taken since the date of e-news Issue 1 on 1 Aug 2008. These are the pictures you chose and the variety and the quality is mind blowing
