## The Photography Show

18-21 Mar 2017

NEC Birmingham, Birmingham, UK

**REMEMBER THE DATE. REMEMBER STAND G110**

**Once again the PAGB will have a stand at The Photography Show 2017**

We have a larger 14 SqM stand near to the Live Stage and, as well as our free 50cm x 40cm Carrier Bags, we will be well stocked with exhibition catalogues, flyers and sparkling photographic conversation.

We will again be offering 1:1 advisory sessions on the suitability of your work for our Awards for Photographic Merit.

## NEW STANDARD RESOLUTION 1600px by 1200px FROM JULY 2017

With our purchase of the new Canon WUX500 projectors at the beginning of this year, we have the opportunity to introduce 1600 x 1200 as our standard projection size requirement for all Competitions. We are taking this opportunity to remind you that this NEW Standard Resolution for all PAGB Events and Competitions will come into force in July 2017 for the Inter-Club PDI Championship at Warwick. Your Federation may adopt the new format earlier than this

1400 x1050 will continue to be accepted in all PAGB Competitions, along with smaller image sizes. However; we strongly suggest that you do not submit image sizes smaller than 1400 x 1050, as they will be significantly smaller on the screen.

To give you an idea how these resolution sizes compare when projected on a screen you could visit the Guidance Area on the SPF Website and download "An Insight into Resolutions".

<http://www.scottish-photographic-federation.org/guidance>

Image shown is 1400x1050. A 1600x1200 would fill the white screen area.

There are also downloadable files, available on the same page, setting out the required criteria for the various different distinctions **“Criteria for FIAP Awards”**, an **“FAQ file”**, as well as the guidance document **“Working towards Distinctions”**. **The GB Cup DVD are on their way to all participating Clubs and each show will provide an exciting night of entertainment.** The Gold Medal Certificates are featured in each show and are included with your DVD for presentation at your Club.

The PAGB is very serious about protecting the copyright of the entrants and you must never copy or distribute these shows. (They will not, of course, run properly from a DVD so you are permitted to copy them to your Club laptop to enable efficient projection).

Of course, you will only get the DVD for the GB Cup you entered but your Club can hire the others from the PAGB Recorded Lecture Service. In fact, a DVD containing all three GB Cups is available, even to those Clubs who did were unable to enter. Potentially three full nights for just one hire fee!

This Osprey by Gordon Rae is startled to discover it does not yet appear in the fantastic "Tribute to the MPAGB" DVD available to hire from the Recorded Lecture Service at –

# SRGB PRINT CELEBRATION 2016

ONLY A FEW DAYS LEFT TO ENTER

<http://srgbphotogroup.co.uk>

**ADRIAN LINES MPAGB FBPE EFIAP ARPS**

Joining Wigan PS drew me into the concept of competition photography. I subsequently joined Chorley Photographic Society in 2012 and helped Chorley PS to come 2nd in the FIAP World cup in 2014 and reach the finals of both the PAGB inter-club championships in recent years.

Other major achievements include, winning FIAP Blue Badges as the Best Photographer at the Northern Counties International in 2011 and 2012, and Welsh International in 2013 and 2014. I also achieved my FBPE in 2014 which equates to 500 accepted in British Exhibitions with over 50 awards.

**'People, Portraits and Pachyderms'**

My style of photography is still developing in strange directions, with many of my most successful images being composites, with some of the elements being hand drawn. Not everybody's cup of tea, but I love creating stories using photographs, to satisfy my own needs and imagination.

**GERRY COLES EFIAP DPAGB BPE5 ARPS**

I am a member of Duston Camera Club and I've been into club photography for over 30 years. I believe photography should be fun! I obtained my LRPS in 1988, ARPS in 1994, these were in black and white prints produced in the darkroom. In 2006 I moved to digital, and obtained a second ARPS in 2010 with digital prints. I started entering national and international photographic exhibitions in 2009, and to date have achieved over 700 acceptances and over 100 awards, resulting in the EFIAP and BPE5. The vast majority of my work I like to think of as 'creative'.

**'My Way of Looking at It'**

My talk will cover some of the pictures I have produced and will explain some of the techniques I use to create them since I started entering national and international exhibitions and gained my EFIAP, DPAGB, BPE5 and second ARPS distinctions.

**JANE LINES LRPS CPAGB DPAGB MPAGB BPE5**

I am relatively new to photography only starting at the end of 2009, after following my husband Adrian around while he took photos, I thought I might as well join him!... I am a member of Chorley PS. In the last five years photography has given me tremendous fun and personal satisfaction. In this short time I have also gained my LRPS, CPAGB, DPAGB and MPAGB and BPE 5\* and I am a judge and Lecturer for our local Lancashire and Cheshire federation.

**'Going Solo'**

My talk is about my MPAGB journey and some travel images from the Camargue.

These biographies are garnered from the MCPF Newsletter where they advertise a show at the Smethwick Clubrooms on 23rd Oct 2016. I thought they might be of interest if you are looking for speakers. We would be happy to advertise other speakers here if you send information.

**Do you talk to Clubs? Send e-news a photograph and (say) 200 words about your talk/s and we will feature them here.**
