[40%: Inspiring Women Photographed by Women](#) is a new photobook from The 40% Project, led by the RPS Women in Photography Group. The project marks the first time women have made up over 40% of MPs in the UK Parliament. Around 130 women photographers from across the UK have taken part, creating a collective portrait of women in public life today — photographed by women, for the historical record.

THERE ARE NOW 265 WOMEN MPS. THIS REPRESENTS 40% OF THE TOTAL SEATS IN PARLIAMENT. - THIS IS A FANTASTIC ACHIEVEMENT!

Imogen Walker MP | Credit: Sally Anderson LRPS

Imogen Walker is the MP for Hamilton and Clyde Valley in Scotland. She has served as a Labour Party politician since the 2024 general election.

Her chosen location for our shoot was New Lanark, a fabulous industrial World Heritage Site comprising a unique 18th century mill and model village known for its philanthropist Robert Owen who instituted workplace, social and educational reforms.

Yuan Yang MP | Credit: Dee Robinson

>>

Yuan Yang Labour MP for Earley and Woodley. Yuan was born in China bought up by her maternal grandparents and at the age of 4 joined her parents in the North of England.

She entered Parliament in 2024 becoming the UK's first Chinese-born MP.

AWARDS FOR PHOTOGRAPHIC MERIT

YOUR CLUB EXHIBITIONS AND EVENTS

I am always happy to feature Club news, occasions and centenaries in **e-news**, which will be of interest to our readers nationwide, especially when interesting images are included with the article.

I get lots of adverts such as the one opposite which I can run when there is space to fill., but these are unlikely to be of interest to most of our readers. I just cannot find space for them all and I have received more than one quite forceful complaint when I have not been able to find space.

In one case for just the opening of an exhibition which had already been publicised several times in **e-news** seemed to cause offence.

If you want to publicise your Club, send me a proper article with suitable images in the form described [HERE](#), or you can freely post on the [e-news Facebook](#) page.

LAST FEW SEATS REMAINING

Secure your spot today

This is one of my favourite images, taken at the beginning of 2025. The church is in quite a remote location on the Snaefellsnes peninsular and the light on this morning was amazing, with a mix of sunshine and heavy snow showers. The image has done very well for me in Exhibitions, getting me over the line for my FBPE at the start of the year with an award in Southport. The image was also part of my successful entry for my EPAGB in April

The exhibition is the world's most prestigious showcase of photojournalism and documentary photography and is the widest-ranging annual photo exhibition worldwide. The World Press Photo Contest recognises and celebrates the best visual journalism produced over the past year, with the winning images forming a powerful global touring exhibition. In 2025, the exhibition reached over 4 million visitors across more than 80 cities.

For the third consecutive year, MPB is proud to be a key supporter of the World Press Photo Exhibition in the UK. Sophie Collins, CMO of MPB, said: "At MPB, we believe photography has the power to inform, inspire and connect people across the world. Supporting the World Press Photo Exhibition reflects our commitment to championing visual storytelling and making photography more accessible to everyone. By supporting the exhibition, we're able to celebrate the work of the world's most talented photographers and highlight the vital role photojournalism plays in helping us understand the world around us."

FIAP WEBSITE

Following the recent closure of the software company responsible for the development and maintenance of the current FIAP website, the FIAP Board of Directors has decided to launch a process aimed at identifying a new company capable of designing, developing, and managing the future official website of the organization. FIAP is therefore seeking potential collaborations with professional web development companies that have proven experience in the design, development, and maintenance of high-quality websites, preferably within the cultural, artistic, or non-profit sectors.

FIAP invite suitable professional web development companies to contact FIAP directly in order to express their interest and provide information regarding their portfolio, references, and relevant experience. The companies that, based on the information received, are considered the most suitable will subsequently be contacted by FIAP and invited to submit a detailed project proposal based on the specific requirements and needs of the organization.

The deadline for submitting expressions of interest is 15 September 2026.

On Thursday 9 July the Central Photographic Association (CPA) celebrated its 120th Anniversary (1906-2026) with an Exhibition and a [Commemorative Book](#) Launch in the Belfast Central Library, opened by the Right Honourable Lord Mayor of Belfast Councillor, Róis-Máire Donnelly.

This is an important milestone in the history of the club whose formation even pre-dates the formation of Northern Ireland.

EPSON

We will bring you a full report in the next issue of e-news of the recent PAGB Inter-Club PDI Championship (Warwick).

Our Sponsors are always very generous supporting the raffle at our events and perhaps the biggest winner, pictured here, is Peter Gordon who took home the superb [Epson SC-P700](#).

Frank Roscoe was lucky enough to win the same prize at the opening of the Ninth Masters of Print opening, and this is what he said about it. *"I was delighted to have a photo selected for the exhibition, but to then have my print chosen by Dominic Gurney of Epson UK was incredible. I only started printing my own photos last year and I am still learning from every print made. Thankfully, I found that the Epson SC-P700 was straightforward to set, up straight from the box. The touchscreen controls are well displayed and intuitive to use. The whole machine has a solid feel and every aspect of design appears to be well considered. It even closes up to a reasonable size when not in use, to sit unobtrusively in the corner. Most importantly the prints it produces are a noticeable improvement over my "old" printer. Tones in the prints appear to have greater range, looking smoother across the image. The prints exude more quality and the challenge now will be to produce more photos worthy of being printed on my Epson SC-P700".*

This [e-news extra](#) was intended as a supplement for the mid-August issue but I had a few hours spare and have been able to complete it earlier than I had anticipated.

INTER-FEDERATION COMPETITIONS

2026

The PAGB Inter-Federation Exhibition 2026 was officially opened on 25 July at The Old Schoolhouse, Oldbury, by David Gibbins, President of the PAGB. The opening was well attended with visitors from as far afield as Colchester, Blaenau-Gwent and Jersey in the Channel Islands. A few of the Individual Award Winners were present to accept their medals and ribbons.

The Federation Trophies were awarded at the PDI Championship in Warwick, and we hope to bring you an illustrated report of both events in a later e-news. *Photos. Ralph Duckett and Peter Young.*
